Tips & advice

START KNITTING

Before you start knitting, we recommend that you practice the different techniques and stitches with our video tutorials, especially if it's your first time knitting. You can find the videos on our website

weareknitters.com

If you don't get it on your first try, don't worry, it's very common. Watch the video with your needles and wool in your hands as many times as you may need.

Wool care instructions

Because WE ARE KNITTERS' wool is 100% wool, we recommend you to wash your garment using cold water and mild soap. Dry flat. To learn more about WE ARE KNITTERS' wool, read the CONCEPT area on our website.

Stitch sample

It is important to knit a sample before you start knitting your project. The sample should measure 10cm x 10cm and needs to be done in dandelion flower stitch. If it comes out smaller, you will need to knit more loosely, and if it comes out bigger, you will need to knit your stitches more tightly.

Stitch sample:

6 Stitches = 10cm 4 in
9 Rows = 10cm 4 in

WAK-PAT-0415-2

The Kit includes:

LAZY BLANKET

This project is knitted in one piece knitting the rows along the length of the whole project.

Before you start knitting you have to learn how to knit flowers. To do that follow these steps:

1. Insert the right-hand needle downwards into the third stitch on your left-hand needle. This will be the center of our flower, our guiding stitch.

2. Take up the thread with the needle and pull it out of the center of the flower leaving the thread on your right-hand needle. This will be the first petal of your flower.

3. Knit one stitch and pass the thread with which you formed the petal over the stitch you just knitted as if you wanted to cast it off.

4. Knit one stitch and insert the needle into the center of the flower, again following steps 2 and 3.

3. That will form the second petal.

4. Knit one stitch, insert the right-hand needle into the center of the flower and repeat steps 2 and 3.

You can follow these instructions with the help of the post "CÓMO TEJER PUNTO FLORES" that you find on the blog on our website weareknitters.com

START KNITTING

1. Cast on 51 stitches onto one of your wooden needles.

2. Knit rows 1 to 6 in garter stitch, meaning knit all rows and all stitches.

3. Knit rows 7 to 94 in stockinette stitch with flowers and a rim in garter stitch:

Rows 7 and 9: knit all stitches.
Row 8 and all even rows: knit 4 stitches, purl 43 stitches and knit 4 stitches.

Row 11: knit 4 stitches. *knit 3 stitches and make a flower*. Repeat from * to * until you have only 7 stitches left and then knit them.

Rows 13 and 15: knit all stitches.

Row 17: knit 11 stitches. *Knit a flower and knit 3 stitches*. Repeat from * to * until you have only 8 stitches left and then knit them.

Repeat rows 7 to 18 until you get to row 94.

4. Knit rows 95 to 100 in garter stitch.

5. Cast off all stitches.

HOW TO END YOUR PROJECT

Once you are done knitting your blanket you will have a rectangle like the one you can see in the drawing on the back of this pattern.

To finish, tie a knot and hide the remaining threads with the help of the knitter's sewing needle behind the already knitted stitches.

WAK WOOL

The WE ARE KNITTERS' wool is 100% natural. Its softness is due to its origin: the Peruvian Andes. Over there, sheep live in optimal conditions, allowing the production of top quality wool. Because of this, you will end up wearing a luxurious and long-lasting garment. If you take care of it, you will probably be able to wear it your whole life.

CUSTOMIZE!

Once you are done knitting, customize your project with pins, brooches, etc. Have fun with it! Send us your pics through Instagram using the hashtags **#weareknitters** & **#lazyblanket!**
